Statement of Understanding

1. Colegio Nueva Granada considers applications for admission and other documents and information submitted in the admission process based on the assumption that these are complete and truthful.

As the parent(s) or guardian(s) of ________________________________ applying to (grade) ____ for the 20__ - 20___ school year, we understand that omission of information or misstatement on this application or during the admission process may result in revocation of an offer for admission and/or enrollment or in dismissal from CNG of your child.

2. CNG has established a policy that gives sole discretion for determining admission to the Admissions Committee. This policy further provides that CNG not share reasons for an applicant being denied admission.

3. In case of admission, a student is subject to policies and conditions current at a given time at Colegio Nueva Granada. The school reserves the right to reform its policies, and new policies and conditions will override those of the past.

4. We understand that because of its characteristics, a CNG education has cost additional to those of others schools in the Bogotá market. We want to invest in the type of education offered at CNG. We are aware of the approximate cost of a CNG education and can undertake this expense while our child is in school.

We understand and agree to the above policies and conditions.
